# heART CON

*by the culture candy*

heART Con is an art convention showcasing galleries, artists, curators and everything art, that originated in New York City by The Culture Candy. heART Con is surrounded by heART Week, New York's undiscovered art week taking place annually every June. Our mission is to bridge the gap between the underground and contemporary art scenes in New York City by providing opportunities to artists, curators, exhibitors, etc. of all backgrounds.

# THE *Culture* CANDY

The Culture Candy is a NYC based arts organization that celebrates urban New York City Culture, the arts, and urban & minority artists by providing upcoming artists with showcase opportunities. Founded by Ashley Miah and Zalika Zeni two female artists of color seeking opportunities in the New York City art world, The Culture Candy is dedicated to encouraging young minority creatives to pursue their artistic passions through their involvement in community programs and gallery pop-ups throughout NYC.

The Culture Candy is created for the people, by the people with a mission to preserve classic urban New York culture through artistic expression and branding. Our 'For the Culture' slogan is intended for our audience to express their 'why' in what motivates them to create in visual arts, music, fashion, etc. Our pop-ups are themed with classic New York culture references such as 'The Bodega' to give additional perspectives to what is considered art in our everyday life and surroundings.
